

AmeriCold Purchases Pasco, Washington Facility

ATLANTA, August 22, 2006 -- AmeriCold has exercised the lease-purchase option to acquire its Pasco, Washington warehouse. The 6,000,000 cubic foot facility, with 41,000 pallet positions, offers rail-served, public storage and distribution services.

AmeriCold, based in Atlanta, Georgia, is the nation's leading third-party supplier of temperature-controlled supply chain solutions, with a national footprint of 102 facilities. The company handles 60 billion pounds of freight annually, has more than half a billion cubic feet of multi-temperature capacity, and employs some 6,500 associates. AmeriCold offers Multi-Vendor Consolidation, Temperature Controlled Warehousing, Transportation Services, National LTL Transportation, i-3PL™ Technology, Seasonal Product Storage and Distribution, Dedicated Facility Management and Supply Chain Optimization.
